Shows reliability, responsibility, and a proactive mindset in both independent and team-based environments. Brings solid computing and software knowledge, effective time management, and a commitment to delivering high-quality results. Ready to contribute academic knowledge and hands-on skills to real-world challenges in the workplace.

SKILLS

HTML	Python	AWS
CSS	Java	Mathematical proficiency
JavaScript	SQL	Attention to detail

PROJECTS

Infinite Hypnotic Scroll Memory Lane   **Website: https://github.com/upashiv2003/scrollmemorylane**

A single-file, zero-dependency site that turns a resume into an endless, hypnotic scroll. Built with <200 lines of HTML and served as static assets, it achieves a seamless, looping experience via GSAP-powered parallax and on-demand DOM injection. The project demonstrates modern performance tricks with a clean website design.

The Car Marketplace   **Website: https://github.com/upashiv2003/carwebsite**

A stylish looking car marketplace built with the combination of HTML, CSS and JavaScript, having glowing hover effects and a responsive dark-mode design; zero frameworks, which displays a variety of cars with its respective prices and images along with user reviews and a "Contact Us" page.

Resume Builder   **Website: https://github.com/upashiv2003/resumebuilder**

A client-side resume generator that turns a single form into a polished PDF in one click. il features Dynamic sections – personal info, work history, education, skills, certs, projects, languages, Add / remove rows on-the-fly for jobs & degrees and an instant PDF export – no server, no dependencies beyond a 160 kB CDN script.

Personal Chatbot : ShivBot   **Website: https://github.com/upashiv2003/shivbot**

A conversational chatbot that answers your everyday questions in an organized manner. Made with Python, NLTK and Rest API. 12 handcrafted regex patterns + nltk.chat.util.Chat for casual conversation. On-demand city lookup via the OpenWeatherMap REST API; gracefully handles HTTP errors.

EXPERIENCE

Intern at NMDC Energy, Abu Dhabi, UAE. Assisted in various functions across engineering, PSS (Power System Stabilizer) commissioning, commercial operations, and yard activities. Gained hands-on experience supporting technical processes, coordinating with cross-functional teams, and contributing to on-site project execution. Developed a strong understanding of engineering workflows and energy sector operations.
